## ***Nanotech Security Corp. Presenting at the 10<sup>th</sup> Annual LD Micro Main Event in Los Angeles***

**VANCOUVER, BC – November 29, 2017** – Nanotech Security Corp. (TSXV: NTS) (OTCQX: NTSFF), a leading innovator in the design and production of advanced security products for the anti-counterfeiting market, announces that CEO and Chairman Doug Blakeway will present the Company's investment thesis to investors attending the 10<sup>th</sup> Annual LD Micro Main Event conference in Los Angeles, California. Mr. Blakeway's presentation begins at 8:30am PST on Tuesday, December 5, 2017 and is followed by one-on-one investor meetings for the balance of the day.

"Nanotech is pleased to attend the LD Micro conference in Los Angeles," said Nanotech CEO Doug Blakeway. "LD Micro is one of the leading conferences for U.S. investors targeting microcap, technology companies. We have a full day of meetings scheduled and look forward to sharing our story with these new institutions, family offices, and high net-worth individuals."

The LD Micro Main Event is the largest independent conference for small/micro-cap companies and will feature 250 names presenting to an audience of over 1,000 attendees. In addition, there will be a variety of speakers/panelists discussing topics of interest to investors and issuers, along with coordinated evening events.

### **About Nanotech Security**

Nanotech designs, manufactures and markets nano-optic products that have brand protection and enhancement applications across a wide range of markets including banknotes, tax stamps, secure government documents, commercial branding, and the pharmaceutical industry.

The Company's nano-optic technology employs arrays of billions of nano-indentations that are impressed or embossed onto a substrate material such as polymer, paper, metal, or fabric. By using sophisticated algorithms to direct an electron beam, the Company creates visual images with colour shifting effects such as 3D, perceived movement, and can also display high-definition colours including skin tones, and whites and blacks, which are not possible using holographic technology.

**About LD Micro**

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into several influential conferences annually.

In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector.
